

Porto Rico June 26 50

My dear Gray

We are very much disappointed  
at you endeavouring to back out  
from your promised visit here  
We cannot expect nor wish to  
stand in the way of any thing  
Mr Gray can see before leaving  
Europe but if you can still  
manage it without interfering  
with your more important  
arrangements I do hope you  
will give us a day or two on your  
way to somewhere or other

With regard to our accounts  
the best way of remitting the  
balance will be by a Post Office  
order on the Hereford Office

Spencer plants will be  
ready in about a fortnight the

part you found at New contains

It gives us for a Leguminosa  
in six - the remainder will  
be about 150 quires so that the  
set altogether will amount to  
near £5 - but I cannot tell  
exactly till they are distributed

As soon as I have got rid of  
them I set to work at Leguminosa

Yours very sincerely

George Bentham
